Prospective plan to set up IQAC 2013-14

The Internal Eligibility for Quality Accreditation (IEQA) was granted to the Dasaratha Deb Memorial College on 23 May, 2014. In accordance with the guidelines of the NAAC, the Internal Quality Assurance Cell (IQAC) was established in the college on 3rd October, 2013. In the first ever meeting of the IQAC under the mentorship of Principal, it was decided to cope up with the deficiencies identified by NAAC in their letter No. NAAC/E&N/HKA/TRCOGN16577/22nd IEQA-Not Eligible/2013. The college authorities along with IQAC members have put in sincere efforts to remove such deficiencies after which, the College has been granted the IEQA status.

The IQAC of the College has been reconstituted with the induction of a few senior faculty members. The quorum of IQAC has been fulfilled in accordance with the guidelines of NAAC. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an institution towards academic excellence.

A few of such efforts are as follows:

1. The IQAC shall emphasize on the use of smart class teaching mythology. For this, a roster shall be maintained and each

department shall be forced for a minimum set of lectures per week based on smart class teaching.

2. The IQAC shall prepare a database of all professional bodies associated with research and development of the respective subjects. The faculties shall be motivated to take membership of these bodies as per their interest and may expand their professional ideas.
3. The IQAC shall regularly monitor the students feedback and also interact with the students council and class representatives to understand the practical problems and requirements of the students in order to make teaching learning process more affective.
4. The IQAC shall organize a few awareness programmes like invited lectures, workshops and interactive sessions with the experts from technical, academic and administrative backgrounds to orient students towards the enhancement of quality in education.
5. The IQAC shall emphasize for the enhancement of the publication of research papers by the faculties.
6. The IQAC shall maintain a database of all funding agencies in India and international level (provided, they are popular and known to all) in order to make the faculties aware of the opportunities to learn and expose themselves at various platforms.
7. The IQAC shall enhance the efforts of all Committees to ensure a positive output in their efforts by making coordination with them.
8. The IQAC shall work on the management alternative practices such as the installation of renewable source of energy in the college campus, to organize legal literacy programmes etc.
